2017 – 2018 SEA National Board Candidate Support Cohort Program

SEA provides facilitated support for candidates going through the National Board for Professional Teaching Standards certification process. Candidate support is optional for teachers completing their National Boards; however, teacher candidates who are part of a support program show a significantly higher passing rate.

As part of a cohort, candidates receive support, instruction, and feedback from their OSPI-trained facilitators who are SEA colleagues. Examples include: “unpacking” the National Board component prompts, finding evidence of National Board standards, and ensuring alignment. Clock hours will be available.
