

Please Post to SEA Bulletin Boards

The following proposed Continuing Resolution/Position Statement came before the November RA. The Bylaws Committee recommends its approval.

The proposed Continuing Resolution will be posted after the December 14th RA and voted on at the January 25th RA.

Proposed Continuing Resolution:

Be it resolved; since there is no better mechanism to ensure reduction in staff at the school level and Reduction In Force (RIF) at the district level are not enacted in a discriminatory, capricious or arbitrary manner, the Seattle Education Association will regard seniority as the most equitable and fair way to handle these reductions in personnel.
