

VOTE! April 21st -30th

Uti Hawkins

For SEA President

My Leadership Platform

Hi I am Uti Hawkins of the Kiowa and Muscogee Creek Nations, daughter, mother, and educator.

I am running for SEA President for Us!

As a leader of color in SEA, I have and will lead through:

Connection:

- Listen and act on the stories of our members, students, and families
- Expect informative, clear, and streamlined communication between SEA and district
- Demand respect for educators and expect transparent, shared decisionmaking

Equity:

- Ensure safe identity spaces for our members of color and call in their leadership
- Advocate for more culturally responsive instruction, restorative practices, and community-centered curriculums (i.e. Since Time Immemorial)
- Center family engagement practices to support an authentic home learning environment

Community Organizing:

- Flip the district hierarchy to build from the ground up and uplift the collective voice of our SEA Members
- Push the priority of Community Leader Initiatives, to make education more innovative
- Strengthen the Union's connections with students, parent, and family community leader work

Stay Healthy and Be well.

Mvto (Mvskoke Creek language)

Uti Hawkins

**Muscogee Creek and Kiowa Nations
Consulting Teacher Department for
Racial Equity Advancement**

Keep the trust in Us. Let's lead education forward with connection, equity, and community organizing.

Leadership Statement

**Let's lead education forward with connection, equity,
and community organizing.**

**The Institution of Education is no longer as we know it
and the status-quo is irrelevant in this time of Covid-19.
As SEA President I seek to hold spaces for our Union's
members who are called to lead and want to work
collectively through this crisis to mobilize.**

**My diverse experience within schools and district
systems, as a consulting teacher and racial equity
coach, will be necessary as we move through this
public health crisis together. We should build up
coalitions within leadership spaces informing district
initiatives/decisions, be appreciated as experts in our
profession and supported to drive innovations in our
system.**

**I seek to uplift your story and brilliance in the face of
those shouting the loudest. Educators need to be
affirmed as key mobilizers for education and social
justice in their schools. We are all essential staff to our
students and families who will be looking to us for
accountability in making racially equitable decisions
through uncertain times. I'll keep this Union strong and
mobilize with you, in solidarity!**
