

Jeanine Calceta

Community is my guiding force, my North Star, propelling me forward. Your vote for me as a BOD Rep enables me to explore and evaluate strategies for enhancing decision-making processes from the top down, while also prioritizing the incorporation of input and feedback from all members, ensuring our actions are in harmony with our shared objectives. My community experience and services includes, substitute Rep, RA rep, community safety committee and BLT. I will be finished with my studies this June and will have the time and commitment to make this work.
