

## Sonja Mitchell

I am running for a Paraprofessional At Large member position. I currently serve as the Para SEA Rep for RHS as well as the Building Leadership and Safety Teams at my building. I also sit on the HC/RESA committee and I would love to be more involved in the SEA processes. I am interested in professional development and Racial Equity and I believe that I would be best suited for this.

I am very involved in my building and would like to take my leadership a step further.

Thank you for your consideration.

Sonja Mitchell
