

# TIME FOR UNITY

## VOTE APRIL 1 - 16

### Mashala Hall for SEA Board of Directors

#### A leader with compassion

I am a proud Seattle Public Schools graduate, employee, and parent running for the SEA Board of Directors High School Representative position. I bring my life experiences, compassion as an educator and community member to the role. As a product of SPS and this community, I will put the values and morals

of our community first.

Given the many tragic events that have taken place in our community, I would like to see safer schools for students and staff. Our students deserve to feel safe attending school, and families deserve to feel safe sending their children to school. We need to show them that we are committed to our students' well-being.

We also need to organize for professional wages for ALL educators because the needs of students are greater than ever. I know many staff who work more than one job to make ends meet. Staff are leaving school to go to their second job and that takes them away from their work as educators. We need to provide staff with a professional wage so that they can work one job and provide the highest quality of support for students.

#### Experience and Service

- Currently Paraprofessional at Rainier Beach High School
